About Greater Tacoma Community Foundation: Created in 1981 by a group of nine caring and compassionate community members, The Greater Tacoma Community Foundation has grown from one gift of \$10,000 to a robust organization supporting thousands of nonprofits partners in the South Puget Sound. In our 35 years of operation we provided more than \$100 million in grants to the Pierce County community due in part to the generosity of our donors. The Foundation has helped hundreds of social entrepreneurs and nonprofit leaders reshape our community through arts and culture, basic needs services, education, after-school programs for youth, environmental initiatives, empowerment opportunities for women and girls, and much more. Our focus has and will be on making a measurable impact on key community issues through collaborative efforts that ensure our communities are able to fund their passions and carry out their dreams.

Our Team: We are a relatively small but mighty team of 19 professionals that are committed to delivering the highest quality philanthropic services for our donors and nonprofit partners. We believe our people talents are at the heart of creating meaningful community opportunities and results. Our values guide our decision-making and our strategies ensure we are intentional in maximizing our efforts to serve people with diverse ideas, cultures and backgrounds in meaningful ways. We believe if you look at community like a potluck, we are the kitchen table that brings everyone together and supports all of the dishes, which means we value people with open-hearts and open minds that can create a warm, inviting and transformational experience for all people. We envision our work creating a thriving Pierce County community.

Mission: Fostering generosity by connecting people who care with causes that matter, forever enriching our community.

Vision: The Greater Tacoma Community Foundation visualizes Pierce County as a vibrant, compassionate, and beautiful community where people and programs collaborate to provide personal, organizational, and environmental prosperity. The Community Foundation will be a leader in the development of this vision by providing expertise, innovation, and inspiration for community members to connect personal and family values with powerful long-term community impact through philanthropy.

Values: Innovation, Collaboration, Integrity and Community

Job Purpose: In 1-2 sentences, describe how this job/role impacts overall success at the Community Foundation.
