

GREATER TACOMA COMMUNITY FOUNDATION
SHORT-TERM POOL INVESTMENT POLICY STATEMENT

Approved May 17, 2023

I. INVESTMENT OBJECTIVES

The Short Term Investment Pool is designed to provide the optimum total return and protection of principal for funds which have an expected life from one to five years. Balances which are invested for less than this period may be subject to greater than acceptable volatility of return. Such balances would have a higher exposure to erosion of principal. The investment objective for the Short-Term Investment Pool is to protect principal value and outpace long-term inflation.

VI. DIVERSITY, EQUITY AND INCLUSION COMMITMENT

Greater Tacoma Community Foundation connects people, knowledge, and funding to build a racially equitable, accessible, inclusive Pierce County, now and for generations to come. GTCF's mission guides the committee to advance equity through its Investment Policy Statement.

To fulfill GTCF's vision of a racially equitable, accessible, inclusive Pierce County where all people can shape and activate the systems that affect our communities, we intentionally remove system barriers and build processes that support access and inclusion.

We seek out partners who align with GTCF's vision and mission. We have agreed as a committee to actively engage with our investment manager(s) at least once a year to see

what actions their organizations have taken in the realms of equity, accessibility and inclusion. We do acknowledge the pace and scale may vary between managers but as long as there is a clear demonstration of commitment and action, we will welcome the changes and will look forward to a continuing dialogue to see how we might help shape the partnership.

We propose to ask managers to report back on a range of efforts, including:

- Increasing percentage of women employees and managers
- Increasing percentage of employees and managers who identify as underrepresented
- Active engagement with minority-owned sub-advisors
- Portfolio managers who identify as belonging to one of the classes of interest
- Diverse teams supporting our community foundation
- Ongoing diversity & inclusion training/education
- Any company initiatives to help disenfranchised groups
- Any company initiatives to recruit from non-traditional sources

Finally, It is our intent to work with various managers who help us invest the foundation's assets and who align with GTCF's values. GTCF is a learning organization, committed to the continuous transformation necessary to address and remove system barriers. With this policy, we want to learn alongside our investment partners about how they effectively implement actions to advance equity, access, and inclusion.
